

HOSPITAL + INNOVATION CONGRESS

Partnering for sustainable healthcare design

Oct 10th | Chair & moderator: Teddy Hebo Larsen (CIFS) & Bogi Eliassen (CIFS)

11:00-11:30

Welcome

CEO Claus Kjeldsen (CIFS)
Minister of Health TBC
Regional Council Chairman Stephanie Lose (Region of Southern Denmark)

11:30-13:00

The Future Role of the Hospital

Based on the high-level Danish national scenario process and report "Danish Health 2030", which analyses and sets up possible scenarios for the 2030 health landscape, we look at the impact, opportunities, and challenges for the future role of hospitals.

Executive Vice President Health Politics Erik Jylling (Danish Regions)
CEO Hans Erik Henriksen (Healthcare DENMARK)
Health Futurist Bogi Eliassen (CIFS)

12:50-13:10

Discussion

13:10-14:00

Lunch

14:00-15:30

Innovation in Hospital Constructions and Design

Developments in several areas and the current trend of building large hospitals have pushed innovation in buildings, design and functions of hospitals, which is changing the delivery of health service and the interactions with patients and citizens.

CIO Peter Bak (Humber River Hospital)
Executive Director & CMO, Peder Jest (Odense University Hospital, Denmark)
Project Director Bent Ottesen & Project Manager Anne-Mette Bang Termansen (Project 'Børneriget', Rigshospitalet, Capital Region of Denmark)
Head of Corporate Management Ole Thomsen (Aarhus University Hospital)

15:10-15:30

Discussion

15:30-16:00

Break

16:00-17:30

Genomics in a Hospital Setting

Development in genomics are changing our biological knowledge and understanding of health, but how can and do hospitals use genomics to improve treatment and health?

Executive Director, Peter Goodhand (Global Alliance for Genomics and Health)
Executive Director Morten Sjøgaard (Pfizer) TBC
Genomic author and analyst Kevin Davis (founder of Bio IT World)
Director Gert Sørensen (National Genom Center)
Program Manager Terry Vrijenhoek (Utrecht University Hospital)

17:10-18:30

The Big Health & Hospital Picture

There is a paradigm shift on the health horizon. In this section, we take a helicopter view on health and hospitals.

CEO Genomics and Comp. Biology Elia Stupka (Boehringer-Ingelheim)
CEO Peter Høngaard (Innovation Fund Denmark)

18:30-19:00

Discussion

08:30-09:00 **Setting the stage** | Bogi Eliassen (CIFS)
The Wearable Expert Joao Bocas

09:00-11:30 **Breakout sessions**

1

Break out 1: The Future Hospital

Facilitators: Teddy Hebo Larsen (CIFS) & Hans Erik Henriksen (Healthcare DENMARK)

Workflow and Logistics – How to Secure Coherence and Efficiency

Chief Consultant Ole Theilgård (The New Hospital in Goedstrup, Central Denmark Region)

New North Zealand Hospital and Optimization of Blood Samples

Senior Chief Biomedical Laboratory Scientist Evy Ottesen (New North Zealand Hospital, The Capital Region of Denmark)

The Central Sterilization Department

Head of Corporate Supply Chain Department Thomas Bøgeskov (Central Sterile Services Department, The Capital Region of Denmark) TBC

A Hospital's View on Implementation of Mobile Robots for Logistic Purposes

Development Manager Jan Tort Development, Service Manager Tom Johansen, Chief Robotics Officer Poul Martin Møller & Innovations Consultant Anne Mette Vraa (Hospital of Southern Jutland, Region of Southern Denmark)

Break out 2: Scenario 2030, the Role of the Hospital

Facilitator: Bogi Eliassen (CIFS) & Jacqueline Hall (Seven Bridges)

2

The Municipality's Role in the Future Health Model

Director Health & Care Arne Nikolajsen (Esbjerg Municipality) TBC

Economic Dynamics in Four Different Scenarios

Professor of Health Economics Kjeld Møller Pedersen (University of Southern Denmark)

Future Preventative Health – Case Diabetes

Director Allan Flyvbjerg (Steno Diabetes Center Copenhagen)

Break out 3: Genomics & Molecular/Biological Expressions

Facilitators: Tamira Snell (CIFS) & Terry Vrijenhoek (Utrecht University Hospital)

3

The Personal Health Initiative in Denmark and Genomics (TBC)

Use of Clinical Genomics in Norway (TBC)

Combining Data & Genomics in Finland

Director CHT Maritta Perälä-Heape (University of Oulu, Finland)

SciLifeLab Importance for Clinical Genomics in Sweden

Director of SciLifeLab Olli-Pekka Kallioniemi (Karolinska Institutet, Sweden) TBC

11:40-12:50 **Presentation from the three breakout sessions and plenum discussion**

12:50-13:00 **Wrap up and closure** | Bogi Eliassen (CIFS)
